

J-Connect: Comprehensive System Description and Functional Specification

A Unified Web Platform for the Complete Human Resource and Professional Ecosystem of Jigawa State

1.0 System Overview

J-Connect is a centralized, web-based Human Capital Repository and Professional Development Platform designed for students, job seekers, working professionals, entrepreneurs, civil servants, and academics from **all 27 LGAs in Jigawa State**.

The platform provides a complete ecosystem for:

- **Data Repository & Citizen Profiling**
- **Career Development & CV Management**
- **Mentorship & Professional Guidance**
- **Job Directory & Recruitment System**
- **Learning & Skill Development (E-Learning)**

J-Connect ensures **accurate, structured, and comprehensive human capital data** for planning, recruitment, empowerment, and policy purposes.

2.0 Major System Modules

2.1 Citizen Database & Profile Management Module

This module captures and manages the complete profile of **students, graduates, job seekers, artisans, entrepreneurs, and professionals** in Jigawa State.

2.1.1 Profile Data Fields

Each user profile captures extensive structured information:

A. Personal Information

- Full Name
- Gender
- Date of Birth
- Marital Status
- Nationality
- State of Origin
- LGA
- Ward
- Village/Community
- Phone & Email
- Residential Address
- Passport Photograph
- NIN (Optional)

B. Educational Background

(From SSCE to Professors)

- Institution Name
- Qualification Type (SSCE, NCE, ND, HND, B.Sc, PGD, M.Sc, PhD, Professor level)
- Field of Study

- Year of Graduation
- Grade/Class

C. Employment Information

- Current Employment Status (Unemployed, Self-employed, Employed, Retired)
- Current Employer
- Job Title
- Sector (Public/Private/NGO)
- Work Experience (duration, roles, references)
- Skills & Competencies
- Professional Certifications

D. CV Upload & Auto-Generated CV

Users can:

- Upload an existing CV (PDF, DOCX)
- Generate system-based CV from entered data
- Update sections anytime

E. Category Tagging for Smart Reporting

Each profile is automatically categorized under:

- Ward
- LGA
- Senatorial Zone
- Sector
- Qualification level
- Skill category
- Discipline
- Employment status

2.1.2 Admin & Officer Features

- View all citizens by category
 - Edit or update records
 - Approve new registrations
 - Bulk upload of users (e.g., by LGA officers)
 - Export data (CSV, PDF, Excel)
-

2.2 Advanced Records & Reporting Module

A powerful reporting engine that generates **targeted human capital reports** for government, institutions, ministries, NGOs, and employers.

2.2.1 Filter-based Report Generation

Admins can filter based on:

- LGA
- Ward
- Senatorial zone
- Gender
- Qualification category
- Field of study
- Employment status
- Skill type
- Age range
- Certificate type
- Sector
- Year of graduation

2.2.2 Dynamic Reports

Example reports include:

- "All B.Sc. holders from Buji LGA"
- "Female graduates from Kazaure with ICT skills"
- "Unemployed ND holders in Kiyawa"
- "All Professors from Jigawa State"
- "Self-employed artisans in Hadejia zone"

2.2.3 Export Capability

Reports can be exported as:

- PDF
 - Excel
 - CSV
 - Print-friendly versions
-

3.0 Mentorship Module (Trailblazer System)

A dedicated mentorship framework for connecting **experienced professionals (Trailblazers)** with students and early-career individuals.

3.1 Mentor Categories

- Academics
- Civil servants
- Business owners
- ICT experts
- Medical professionals

- Engineers
- Entrepreneurs
- Diaspora professionals

Mentors are curated and approved by admin.

3.2 Automatic & Manual User-Mentor Mapping

Automatic Mapping

The system automatically maps users to mentors based on:

- Field of study
- Career interest
- Skill category
- Employment goal
- LGA/Zone (optional)

Manual Mapping

Users can request:

- Mentor change
- Additional mentors
- Specialized mentorship

Admin can override or manually assign mentors.

3.3 Mentorship Communication Tools

A. One-on-One Chat

- Realtime messaging
- File sharing
- Voice notes
- Document exchange

B. Video Call

- Browser-based HD video call
- Screen sharing
- Scheduled sessions
- Mentorship meetings and review calls

C. Group Mentorship (Chatroom)

- Mentors can host group mentoring sessions
- Trainees can interact, ask questions
- Topic-based rooms (e.g. ICT, entrepreneurship, academics)

D. Mentorship Progress Tracking

- Session history
 - Mentorship milestones
 - Goals and achievements
 - Mentor feedback and rating
-

4.0 Job Directory and Recruitment Management Module

A **dual-job system** covering external jobs (open to all users) and internal jobs (for recruitments conducted inside J-Connect).

4.1 External Job Posting System

- Jobs are posted by Admin or verified HR personnel.
- Jobs categorized by:
 - Industry
 - Qualification
 - Skill requirement
 - Experience level
 - LGA/State
 - Employment type

Smart Job Distribution

- Only users who meet the requirements are automatically notified.
 - Users receive email + in-app notifications.
-

4.2 Internal Recruitment System

Designed for organizations who want to use J-Connect for full recruitment.

4.2.1 Recruiter Accounts

Admin creates accounts for:

- Companies
- Ministries
- LGAs
- NGOs
- Private firms

4.2.2 Features for Recruiters

Recruiters can:

1. **Post Jobs Internally**
 2. **Set job requirements & screening parameters**
 3. **View matching users automatically**
 4. **Chat with applicants**
 5. **Conduct video interviews on the platform**
 6. **Schedule interviews**
 7. **Create CBT exams**
 8. **Monitor applicants' progress**
 9. **Shortlist and hire candidates**
-

4.3 CBT Examination System

Recruiters can create:

- Multiple-choice questions
- Timed tests
- Randomized questions
- Auto-grading
- Score analysis
- Pass/fail cutoff

Applicant results appear instantly.

4.4 Applicant Dashboard

Users can:

- Apply for jobs
 - See application status
 - Receive interview invites
 - Take CBT tests
 - Chat with recruiters
 - Join video interviews
-

5.0 E-Learning Module

A complete online learning platform for skills acquisition, courses, lectures, exams, and certification.

5.1 Course Management

Admins and approved instructors can upload courses with:

- Video lectures
 - PDF notes
 - Assignments
 - Practical tasks
 - Discussion forums
 - Reference materials
-

5.2 Learning Features for Students

Users can:

- Enroll in free or paid courses
 - Watch lectures
 - Download materials
 - Ask questions
 - Submit assignments
 - Take quizzes/exams
 - Earn certificates
-

5.3 Assessments

- Quizzes
 - Exams
 - Objective & theory tests
 - Automatic and manual grading
 - Progress tracking
-

5.4 Certificates

- Auto-generated certificates with QR verification
 - Downloadable PDFs
 - Stored in user profile under "Achievements"
-

6.0 System-Wide Features

6.1 Authentication & Security

- Multi-factor authentication
 - Role-based access control (Admin, LGA Officer, Recruiter, Mentor, User, Instructor)
 - Data encryption
 - GDPR-style privacy model
 - Audit logs
-

6.2 Notifications

Sent via:

- In-app alerts
- Email
- SMS (optional)

Triggered for:

- Job alerts
 - Mentor messages
 - Interview requests
 - Course updates
 - System announcements
-

6.3 Search Engine

Users can search:

- People
- Skills

- Jobs
- Courses
- Mentors

With advanced filters.

6.4 Dashboard & Analytics

Admin Dashboard

- Total registered users
- Distribution by LGA/Zone
- Employment statistics
- Skill distribution
- Education level distribution
- Recruiter activities
- Learning statistics

Recruiter Dashboard

- Posted jobs
- Applicants count
- Interview schedules
- CBT results

User Dashboard

- Profile progress
- Job recommendations
- Course enrollments
- Mentor updates
- Notifications

7.0 Future Expansion (Optional)

- Mobile app (Android & iOS)
- Government integration (N-Power, Civil Service, Empowerment programs)
- Scholarship directory
- Startup incubation programs
- Youth census module

The system should have the following users with the role:

1. Super Administrator (System Owner)

Role Name: Super Admin

Level: Highest Authority

Created By: System Creator / Government Authority

Responsibilities

- Full control of the entire J-Connect platform
- Create and manage **all module admin accounts**
- Assign module administrators
- Approve system policies and settings
- Monitor system activity and audit logs
- **Access all reporting & analytics** for every module
- Activate/deactivate modules
- Manage system announcements and communications

Permissions

- Full CRUD on all modules
 - Create/disable any user
 - Assign roles and privileges
 - Access/export all reports (PDF, Excel, CSV)
 - System configuration and overall analytics
-

2. Module Administrators (Sub Admins)

These admins manage **specific modules** and are **created only by the Super Admin**.

2.1 Citizen Database Administrator

Role Name: Citizen Database Admin

Responsibilities

- Manage citizen profile database
- Approve new user registrations
- Edit/update user profiles
- Handle bulk uploads and categorization (LGA, ward, skill, etc.)

Permissions

- View all citizen records
 - Approve/reject registrations
 - Edit profile data
 - Bulk upload users
 - Export data
-

2.2 Mentorship Program Administrator

Role Name: Mentorship Admin

Responsibilities

- Manage the **Trailblazer** mentorship system
- Approve mentors
- Assign mentors to users

- Manage mentorship sessions
- Monitor mentor performance

Permissions

- Approve mentors
 - Assign mentor–mentee relationships
 - Monitor chat/video sessions
 - Manage mentorship categories
-

2.3 Recruitment & Job System Administrator

Role Name: Recruitment Admin

Responsibilities

- Manage job posting system (external & internal)
- Approve recruiter accounts
- Monitor recruitment processes
- Manage internal recruitment workflows

Permissions

- Create recruiter accounts
 - Approve job postings
 - Monitor hiring pipelines
 - Manage CBT exam system
-

2.4 CBT Examination Administrator

Role Name: CBT Admin

Responsibilities

- Manage test question banks
- Monitor examination sessions
- Ensure exam integrity

Permissions

- Create CBT templates
 - Manage question pools
 - Monitor candidate exam sessions
 - Generate exam reports
-

2.5 E-Learning Administrator

Role Name: Learning Platform Admin

Responsibilities

- Manage online learning platform
- Approve instructors
- Monitor courses
- Manage certification process

Permissions

- Approve courses

- Manage instructors
 - Manage certificates
 - Monitor course enrollments
-

3. Regional Operational Officers

3.1 LGA Officer

Each of the **27 LGAs** will have officers.

Responsibilities

- Register citizens in their LGA
- Validate local data
- Conduct bulk uploads

Permissions

- View users within their LGA
 - Add new citizens
 - Edit local profiles
 - Generate LGA reports
-

3.2 Ward Data Officer

Responsibilities

- Assist in community data collection
- Register users at ward level

Permissions

- Register new citizens
 - Edit ward-level records
-

4. External Stakeholders

4.1 Recruiter / Employer

Account Created By: Recruitment Admin

Permissions:

- Post jobs
 - Manage applications
 - Chat with applicants
 - Conduct interviews
 - Create CBT exams
 - Hire candidates
-

4.2 Instructor / Trainer

Account Created By: Learning Platform Admin

Permissions:

- Upload courses
 - Manage lessons
 - Grade assignments
 - Manage course discussions
 - Issue certifications
-

4.3 Mentor (Trailblazer)

Account Created By: Mentorship Admin

Permissions:

- Conduct mentoring sessions
 - Chat with mentees
 - Host group mentorship
 - Track mentee progress
 - Provide feedback
-

5. Platform Users (General Citizens)

5.1 Student

Permissions:

- Create profile
 - Enroll in courses
 - Request mentorship
 - Apply for jobs
 - Upload CV
-

5.2 Graduate / Job Seeker

Permissions:

- Build CV
 - Apply for jobs
 - Attend interviews
 - Take CBT exams
 - Enroll in courses
-

5.3 Professional

Permissions:

- Maintain professional profile
 - Join mentorship programs
 - Apply for advanced jobs
 - Teach courses (if approved)
-

5.4 Entrepreneur / Artisan

Permissions:

- Register business skills
 - Access training
 - Find opportunities
-

5.5 Civil Servant

Permissions:

- Maintain professional records
 - Participate in government programs
-

6. Updated Role Hierarchy

Super Admin
